## Formaldehyde

While Formaldehyde is recognized as the best preventive against Smut in grain, to be effective it must be of good quality.

We guarantee ours to be full strength. At the same time our prices are as low as is often charged for an inferior quality.

**GOPHERCIDE EXTERMINATES GOPHERS.**

Gophericide is a new poison, of which Strychnine is the base. The bitter taste of Strychnine has been overcome, so that the gophers eat it readily and die almost instantly. As it dissolves quickly and completely in warm water, it is much easier to handle than other poisons.

Get a 50c. package of "Gophericide," which will make half a gallon of solution--enough to poison a gallon of wheat and kill over 350 gophers--7 for a cent. Special quantity prices to districts.

**FIAT FINANCING**  
It is interesting to read, in the Saturday Evening Post, that the banks in London are operating more and more on "paper money." London is the world's financial capital, and there, we are told, the banks, while constantly increasing their circulation, are allowing their reserves to stand as they are, and in some instances allowing them to decrease. In brief, all banks except the Bank of England are operating on "paper money." The Bank of England, of course, has sufficient gold to cash all notes, but the important thing is that the other banks are realizing the foolishness of artificially limit-  
ing the ordinary medium of exchange by a "gold stand-  
ard."  
It is an artificial limitation, and all over the world that fact is becoming recognized more and more.  
Wealth is labor, or perhaps more correctly service, because labor has come to mean something physical. All the wealth this world possesses sprang from service of some kind, and every "dollar" in the world to-day represents service of some kind. There is really no such thing as "unearned increment," because someone must earn it.  
To illustrate that in simplest form: A laborer on construction work takes his shovel and all day long he spends dirt as he is directed to do. At the end of the day he has created value estimated by the contractor at two dollars. The laborer could very well demand food for clothes equal in value to the contractor's estimate of the worth of his services, but the contractor does not possess these, so he gives to the laborer what is practically a certificate that he has rendered a day's service estimated at a certain value, and with this the laborer goes to the possession of food and clothes, getting the value in these articles his certificate calls for.  
This certificate we call "money," for that is the true idea of money. Sea-shells have served the purpose in days gone by. The possession of a hoard of sea-shells today would not be called a wealthy man, because sea-shells have ceased to represent wealth. The possession of a hoard of money would not be wealthy either were it not that this money represents value and wealth. It facilitates exchange and eliminates barter.  
"Paper money" is the real medium of exchange today, although all that "paper money" is, is a promise to pay gold. Yet naturally there can be no more gold promised than there is gold in existence, so the issue of "paper money" is limited theoretically by the gold supply.  
That would, perhaps be all very well were the supply of gold equal to all demands—but it is not. In fact, it is very far from being equal to the demand, and the shortage is increasing year by year. The most striking commentary on the inadequacy of gold as a monetary standard is the authentic report that one-third of the world's annual gold production goes to India, and is there "cutted down," disappearing forever from the world's money markets, where it is badly needed.  
How this gold shortage operates against commercial and industrial activity, and how great a factor it is in increasing the cost of living, we need not enter into at present. Suffice it to say that it is recognized the world over as an immense handicap on all lines of activity upon which the people exist.  
But, if the gold standard currency system has grievously failed to stand the acid test of rapid industrial expansion; if it now handicaps where it was expected to benefit, it has nevertheless provided us with the remedy for its own shortcomings. Gold is heavy, and this fact brought into existence the "paper money" which is now the ordinary medium of exchange. In this paper money lies the remedy for the conditions we have mentioned, but before it can be of service, however, we can improve on conditions which are now extant, we must strike off the shackles of the gold standard, the artificial limitation of the issue of the actual currency.  
"Paper money" will remain as it is, but there will not be, as there is, no necessity for there being any "gold reserves" behind it, then the currency issued by the state there will be no need of gold behind it. The state will supply the country with currency, withdrawing or increasing the circulation as necessity demands. There will be no shortage, and there will be no depreciation. "Money is tight" and "money is easy" will be expressions handed over the

age of 25 years who are either themselves inhabitant house-holders or are the wives of such to the number of about five millions. If the second reading is carried, and the House will be left entirely free to vote upon it, the party whips being withdrawn for the occasion—the bill will be treated as a government measure and so enabled to come under the provisions of the Parliament Act, if necessary.  
The support of many Conservative agriculturists is doubtful for two reasons. For some of them the scope of the bill is too wide; they favor the proposals of the Coalition Bill of 1910 rather than the franchise proposed. Many of them, again, will object to support any bill which may afterwards come under the provisions of the Parliament Act, since they wish to avoid even the appearance of approving, or making use of, that Act.  
The outcome of the present opportunity is, therefore, doubtful; but much more could have been made of it had the ex-ecutive of the Conservative Party the saner portion of the adherents of the movement.  
Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected joints with Chamberlain's Liniment and it will soon disappear. Sold by Lacombe Drug Co., Ltd.  
**GIVE THE "BABIES" A GOOD START**  
Lambs, calves, colts, pigs and chicks are all arriving in large numbers on the farms throughout the country at the present time. What per cent. of this crop are you saving? The difference between profit and loss on this year's farming operations lies in your preparations for handling these arrivals during the next few weeks. If you don't save a large per cent. of the pigs, lambs, colts, calves, and chicks that are arriving daily there is not much use in going to the expense of building fences, erecting buildings, buying costly machinery, etc., for handling a half or a quarter crop. Take a inventory of your neighbors and note how "lucky" the ones who are making money with live stock. They don't necessarily have many buildings, or costly buildings. But they do fuss around the pig-pens, the calf-pens, and other animals they are raising especially about the time the arrival of young animals is expected. They are ready when they come. They spend many nights at the stables when colts and lambs are expected. The stalls are well bedded with dry straw, there are no draughts to chill the levered mothers, and other animals are kept away and medicines and tools are handy to aid in difficult parturition. When a "baby" arrives it is assisted to its feet and not left until it has a mess of its mother's milk in its stomach as a brace.  
Some farmers claim that they "just never did have any luck with colts and it's no use trying." Those farmers usually raise two or three pigs to the sow, their lambs all die, they can't raise calves on skim milk, and they don't think much of live stock anyway. You will find more of this class of farmers who are carried along by the banks, the machine companies and the storekeepers than you will in the ranks of the farmers who "are lucky with pigs." There's a reason, but remember that if a store is going to be worth around \$100 per head, hogs \$16 to \$25, dairy cows \$100 to \$200, draft colts ready for the collar, \$200 to \$400, and other classes of live stock in proportion. Let's save as near 100 per cent. of the crop as we can. A few extra hours now may pay as high as \$100 per hour when we cash in the crop.  
**BRITISH PARLIAMENT AND WOMAN SUFFRAGE**  
It is now almost certain that a Woman Suffrage Bill will be introduced in the British House of Commons in April. The prospect in front of the measure is not, however, very promising. The advocates of votes for women have so far failed to unite upon a definite policy, and time that might have been used in educational work has consequently been very largely wasted. The policy of extreme militancy which has been the outstanding feature of the situation since the withdrawal of the Franchise Reform Bill is doing considerable harm and is endangering the passage of the private member's bill, which is the only method at present possible by which the desired end may be reached.  
Priority will probably be obtained by a measure embodying what is known as the "Dickinson" proposals. These, it will be recollected, would not only enfranchise all women over the

MACDONALD & MCBRIDE,  
Solicitors for the Applicant.

### J. Bullis

is now prepared to clean yards, haul out manure, or do other team work.

## Turn The Wasters Out

There are a few Liberals throughout the riding who from the force of habit can not allow an election to go by without a word in support of the nominal Liberal candidate. After ten days of hard thinking these men have worked up two arguments in favor of the Liberal candidate. The first is that Mr. Puffer knows the riding better than Mr. MacDonald, and the second is that to turn out the present Government and put in the Conservatives would be to "turn out a fat hog and put in a lean one." Ridiculous as it may appear, these arguments are being freely used in certain quarters. The first is being used because Mr. MacDonald's supporters are not saying anything against Mr. Puffer personally, nor taking the time to criticize very extensively his management of the local road question. Not because he has given satisfaction, but when a Government has been squandering the people's money by the tens of millions, it is hardly worth while to call attention to the fact that they have wasted a few hundred dollars in trying to get votes in one corner, or totally neglected necessary work in other places. The second argument appeals to those who in the last election had confidence in such men as Dr. Ruth, Dr. Cushing, and Dr. Macdonald, and did not dream that behind their banner were hidden men who were working these men to make millions for themselves or their friends, or that the Prime Minister could be forced by the Legislature to resign and a Judge called from the bench who would use his position to hold up the public expense at railroad, not needed for other purposes, to develop a timber limit owned by the friends of the said one-time Judge, if not in part owned by himself. The honest Liberals who honestly supported the late Ruth administration, believing it to be honest and reliable, and have seen the things since done in the name of that administration, are somewhat like a young man who has loved and trusted a girl, in finding her false, has turned against all women, and said that they are all false. If the one in all—the false is false, what can be said for any other. So some of the Liberals are inclined to say that since the Liberal Government at Edmonton which they loved and trusted so much is false, what chance is there of finding another bunch of men who may be trusted. And this natural feeling is being encouraged by the crafty ones. Right here lies the danger of crooked

politicians getting control by playing on the discouragement of honest men, and here is the opportunity for aggressive men to turn down those who are trying to work the Province for their own profit.

The great majority of men are honest. Wholesalers have found that over ninety per cent. of the merchants in Alberta are perfectly honest. The rule applies to all people. It is true of our politicians. Nearly all of them are honest. The great majority of the supporters of the Sifton Government in the late Legislature were honest men. The trouble was they were easily worked by a few who had an axe to grind. This few have for the time ruined the Liberal party. The trouble began when C. W. Cross was first taken into the Cabinet. But he was not so well known then, and honest Liberals did not object. Then another step was taken when a man of the Macdonald type was taken in. All who knew him knew that no party could long survive with a man of his character and reputation in office. When A. L. Sifton was, in an unconstitutional manner, appointed premier, the Liberal party was found to rise up and protest, the speedy downfall of the party became assured. From that day the course of consistent Liberals and consistent Conservatives has been the same. Liberals want to clean the party by turning down the men who have brought disgrace upon the party and ruin upon the finances of the country, for only in this way can new and desirable leaders be secured, and the lost confidence of the public restored. The Conservatives, having first carefully selected clean and honorable leaders for their own party, desire to turn out the men who have seized control of the Liberal party during the last few years. Without a shadow of a doubt there are enough electors who disapprove of the doings of those who have been in control at Edmonton of late, and who above all desire a clean business administration, to bury in political oblivion the men of whom we are all ashamed. Then let us not listen to the croakers who say there are no honest men in politics. Let us not get discouraged because we were bitten in the past. The thing for each elector to do is to weaken his vengeance on those who have injured themselves or failed us, and work and vote for men who are not only honorable themselves, but who will follow only honorable leaders.

Where are the eight thousand who "realized that a satisfactory settlement of the A. & G. W. question had to be found during the last legislative session without finding it?" Not one of them, whimpered when Sifton told them to forget the A. & G. W. until after the next election. They were seeking retribution. They are Puffer, McPherson, Connors, Walker, Leckie, Shaw, and Stauffer, and repeat indicate that all seven will be defeated.

### Advice From a Liberal Leader

We reproduce the following letter from Friday's issue of the Daily Bulletin, which shows the feeling of the Liberals of Edmonton in the coming election:

"In answer to a forecast of my political standing and affiliations made in the 'Daily Capital' and given great prominence throughout the city, I beg to make this very brief statement, correcting the impression created.

"My father was a strong and aggressive Liberal in the Province of Ontario, reaching back to the days of the rebellion of '37, and one growing up under the influence of men of that age is very apt to be strongly imbued with the party spirit of the century.

"I followed in his footsteps during the time I lived in Ontario, helping to fight every Liberal battle in my country during that time, always giving my full allegiance to the Liberal cause.

"I came west in 1903, coming straight to Edmonton, where I have resided during the succeeding ten years.

"I was present at the beginning of things politically in the Province of Alberta, and took an active part in the election of the Hon. C. W. Cross, at my first election. I had a high opinion of him as a man, and fully believed that he would rise to the splendid opportunity afforded him. I continued to support him throughout that legislative term of four years, and during that time came in contact with him very frequently in connection with the administering of the bonded liquor traffic, and was in a position to know what his real attitude was toward that question. In the following campaign I refused to support the Attorney General, because of his collusion with and administration of the said traffic, and I voted for his opponent, Mr. Ewing, on that occasion. I stand in the same relation today, and being an independent Liberal I refuse to

support any man who will not use intelligent means to combat this dreadful evil. In other matters, while I may not see eye to eye with all the legislation passed during the recent session, and would have opposed some of the Acts passed, I am a supporter of the Sifton government, and firmly believe that the hope and future of this great Dominion lies directly in electing strong, capable and independent men to our parliament, who, when asked to report a measure not in the interests of the people will reject their manhood and will not become the rubber stamp of corrupt leaders, and will refuse to

support any man who will not use intelligent means to combat this dreadful evil. In other matters, while I may not see eye to eye with all the legislation passed during the recent session, and would have opposed some of the Acts passed, I am a supporter of the Sifton government, and firmly believe that the hope and future of this great Dominion lies directly in electing strong, capable and independent men to our parliament, who, when asked to report a measure not in the interests of the people will reject their manhood and will not become the rubber stamp of corrupt leaders, and will refuse to

subscribe to such procedure. "When this condition obtains in our governments, only such measures as are absolutely in the interests of the people will be introduced and we will be free from this present-day slavery of machine politics."

"Having been nominated by a large number of citizens as an Independent Liberal to represent the City of Edmonton in the Legislature of Alberta, I solicit your votes and influence during this campaign for clean politics and progressive legislation. "Our platform" will appear later.

"R. D. BLANEY."

Mr. Blaney hits the nail square on the head. No good legislation can be expected from a government dominated by Cross and his rubber stamps. W. F. Puffer is one of the Atorney-General's rubber stamps, and nothing can be expected from him but service following of Cross.

Where are the eight thousand who "realized that a satisfactory settlement of the A. & G. W. question had to be found during the last legislative session without finding it?" Four Odd Beds to clear at Special Prices.—Morrison & Johnston, Ltd.

Meals in the McLean Block on Saturday next from noon to 8 p.m.

Turkish Alakuma, not from Turkey, but made in Lacombe.

After a careful investigation we find that Morgan's death didn't have any bad effect on the money markets. Our bank account still stands where it did before the death of the great financier.

Odd lines of Window Shades with Fringes and Lace Insertions; to clear, 20 per cent. off.—Morrison & Johnston, Ltd.

Stock Pumps, suitable for shallow or deep wells, 4-inch brass lined cylinder. Price \$15.—Morrison & Johnston, Ltd.

R. L. Shaw, M.P.P., F. Vickerson, E. H. Jones, D. Gilles, chief license inspector for the Province, and W. Hinton, of the Edmonton Brewing & Malting Company, left for two east country on Tuesday. This combination is a hard one to go up against.

Building Paper, 400 square feet in roll; Prices 70c and 85c per roll.—Morrison & Johnston, Ltd.

The monthly meeting of the Women's Christian Temperance Union will be held at the home of Mrs. J. R. Shaw on Tuesday, April 11th, at 3 o'clock. The subject for the month is "Pioneer Missions of Alberta." Each denomination in Lacombe will be represented by a brief paper on early missionary work. An interesting meeting is expected, and a most cordial invitation is given to all who are interested in missions.

The talk of the town, Frizzell & Gunn's Candy Kitchen.

Miss Dickie, B.A., of the Camrose Normal School, will address the ladies of Lacombe on Monday, April 14th, at 3.30 p.m., in the Public School, on the "Pre-School Education of the Child." Miss Dickie has given this address in many parts of the Province, and has been highly spoken of. All those interested in the education of the child prior to school age should be present.

It's the knacker's place to knock, and ours to sell you the goods and supply the repairs, and when he tells you that we can't supply the repairs tell him to knock a little in our truth. Give us a call. (G.E.) H. STOREY & CO.

The Stettin Independent has discovered something new under the sun. It remarks that it was unable to print a letter received for publication, because "the writer signed it anonymously." Detailed information would be greatly obliged, because we have always wanted an anonymous signature with which to make out i.o.u.'s and similar documents.

Cleveland Bicycles for sale at Edipse Pump Works.

Mrs. H. L. Brown will not receive next Friday nor again this season.

Mrs. H. Ross will not receive on the third Wednesday nor again this season.

One No. 2 Melotte Separator, capacity 550 pounds; to clear, \$70.—Morrison & Johnston, Ltd.

The Ladies' Aid of the Methodist Church will serve in the McLean building, next to the Lacombe Drug Store, Meals 25c; lunch, 10c; ice cream, 10c.

Visitors to Lacombe on Saturday will be served good meals by the ladies of the Methodist Church from 11 (noon) to 8 p.m., in McLean Building.

J. H. Fawcett, of Alhambra, N. D., brother of W. R. Fawcett, the well-known Lacombe farmer, arrived in Lacombe with his family on Saturday last, and will locate in the district.

Mr. Warren Bithman and J. M. Phillips, of Wittingburg, spent a few days in town.

The bachelors ball on Friday night last was without doubt the social event of a gay season in Lacombe. Over one hundred and fifty persons responded to the invitations, and the large hall was crowded to capacity. Elaborate arrangements had been made for the comfort of the guests, and were carried out without a hitch. Everyone enjoyed themselves to the limit, and the bachelors of Lacombe ideal entertainment. Lynch's orchestra provided the music, and Mrs. D. Lockwood, of the Empress Hotel, made the supper arrangements, which were all that could be desired.

Mr. and Mrs. M. B. McDonald spent Sunday with relatives in Strome.

J. F. Shute was in town on Monday. Her many friends will be sorry to hear that Mrs. Shute is seriously ill in Calgary.

Mr. and Mrs. R. S. Hanna, of Strome, Alta., are spending a few days with Mr. and Mrs. M. B. McDonald.

Elva Vane, daughter of Wm. McNeel, died on Monday morning after a short illness, caused from cold on the lungs.

A reader wishes to know the law regarding passing of vehicles on public roads. In meeting all vehicles pull out to the right hand side, passing from behind the passing team, pull out to the left. This applies to all kinds of vehicles. A to him query as to the right of a man to turn his dog on sheep and the manner made by James McNeel, in an address in the interests of Mr. Puffer at Central School a day or two ago. Speaking of the natural resources being given to Alberta, Mr. McNeel intimated that it would not be a good thing, as in that event the world would be no more free-homesteads open for settlement. Now, is not that a splendid argument? Mr. McNeel knows that the government of the natural resource to Alberta would have no effect on the homestead.

Mrs. Lothian will receive on Friday, 11th, from 4 till 6 p.m., and not again this season.

Mrs. Collier will not receive on the 12th this month.

Mrs. Inglis will not receive this month.

The sixth silver medal contest in elocution will be held in the Methodist Church on Thursday, April 17, at 8 o'clock. It is hoped that all will show their appreciation of the effort of our young people by being present at their entertainment.

Say Johnny, that Boston Cream at the Candy Kitchen is just delicious; can't be beat.

Miss Ena Halpin, of Winnipeg is visiting her uncle here, en route to Fort Chipewyan.

## DEATH OF MRS. SKINNER

Mrs. G. R. Skinner, of Bowden, died on Saturday last, after a long illness, at the age of 65. The funeral was held at Bowden on Monday, and was conducted by Rev. F. W. Locke, of Lacombe, assisted by Rev. Winfield, of Bowden. The pall bearers were the six sons of the deceased—James D., of Rocky Mountain House; George, of Stettin; David, of Blackfalds; Hugh and Hector, of Munson and Duncan, of Bowden. The funeral was largely attended by friends from all parts of the Province. Deceased's only daughter, Mrs. J. F. Shute, of Calgary, was unable to be present. Many friends in Lacombe are extended to the bereaved family.

## MARRIED

SHAFER GSCHTWENDNER At the Manor, Lacombe, on April 7th, by the Rev. M. White, R.D., Roy W. Shafer, of Lockhart, to Miss Sarah Gschwendner, of Chive.

## BOIRN

CANNON At Lacombe, Alta., on March 29th, 1913, to Mr. and Mrs. W. L. Cannon, a daughter.

## Natural Resources

The strangest thing we have heard during this campaign is the remark made by James McNeel, in an address in the interests of Mr. Puffer at Central School a day or two ago. Speaking of the natural resources being given to Alberta, Mr. McNeel intimated that it would not be a good thing, as in that event the world would be no more free-homesteads open for settlement. Now, is not that a splendid argument? Mr. McNeel knows that the government of the natural resource to Alberta would have no effect on the homestead. His argument is in keeping with the Liberal stand on this question. Mr. Puffer has gone even further. He has maintained, on the platform that the \$375,000 subsidy in lieu of our resources was the best thing for Alberta. Mr. Puffer will not deny this fact.

## ACADEMY NOTES

Mr. George W. Wise, of Wisconsin, is visiting Professor Neufeld and looking over the country with a view to locating. He is an old college mate of the Professors.

Mr. C. J. Clauson, of Granum, visited his daughter the last of the week. Mr. L. F. Heaton and Mrs. Lilace Hayward accompanied him to Calgary Monday to attend to some business interests there.

Mrs. D. A. Dolbs recently spent a few days visiting her relatives in Edmonton. Mr. Dolbs has dropped his school work for the remainder of the year, and will enter the college next year.

One day last week we were favored by short visits from Mesdames May and Bellamy, of Edmonton, former patients of Miss Barker when she was nursing in that city. Mr. Norman Morrison, of Lacombe, accompanied them on their visit. Miss Bertha Gillbank spent a few days at the Academy, this week, on her way to her home in Stettin from McLean, Sask., where she has been teaching during the winter. She is planning to attend the Academy next year.

Elder Henry Humann, with the aid of George Hansen and J. C. Christensen and some of the boys from the Academy, is rushing some extensive changes in his house.

Elder Halsvig held a meeting with the Scandinavian students last Thursday morning. Fifteen were in attendance, and enjoyed a profitable time.

Miss Emma Benschler has left the Academy for the remainder of the year, with plans to return at the opening next fall.

Mrs. L. Hayward leaves today for her home at Irma, Alta. Her brother, Howard Merry, accompanied her.

Miss Edna Hansen recently visited her brother at the Academy, and returned to her home at Didsbury yesterday.

Sholto Middleton left yesterday for Hanley, Sask., where he will work during the summer.

Mr. McCarly has returned to his farm near Stettin to attend to his spring work, after which he plans to return to complete the school year.

A meeting of the Faculty yesterday it was voted to unite in an MEETING AT BLACKFALDS. This earlier closing date is arranged in order that some of the Faculty may attend the Educational Convention to be held in connection with the General Conference quadrennial session, held in Washington, D. C., May 15 to June 8. At least three members will represent the school at that time.

Word was received last evening from Miss Mary Osterquist, Nanton, Alta., that her brother Leo had committed suicide one day last week. Leo had been very sick with pneumonia, and they had despaired for his recovery, but this morning he awoke, and when found he was dead, having hanged himself in the barn. Both these young people were former students at the Academy, and the bereaved family have the sympathy of all their friends in this place.

At a meeting of the patrons of the Primary Department last evening, it was voted to continue that department till the first of July. A request was also made to have it open a month before the Academy next fall.

Professor J. L. Beane went to Didsbury on business last evening. He will return today.

Death entered our little circle last Saturday afternoon when a little child, Harriet Aural, infant daughter of Professor and Mrs. Beardsley, at the home of Mr. L. T. Heaton, where she had been cared for during the illness of her mother, who is with her sick father back in Iowa. Funeral services were held Sunday evening, after which the remains were removed to the undertaking rooms of the Lacombe Furniture Co. In funeral will be in Iowa.

Known that we shall see the light one again on that glad morn when all that sleep shall wake at the call of the Life-Giver.

Regular quarterly meeting services were held in the Chapel last Saturday, conducted by Elders Adams and Christensen. A large company were in attendance, and the services were impressive. Elder Adams delivered an instructive sermon, after which the ordinances of the Lord's house were celebrated.

## CARD OF THANKS

To all the friends who so kindly assisted us during our recent bereavement, we wish to express our gratitude for their assistance greatly lightened our sorrow.

J. I. Beardsley and Family.

## BLACKFALDS

The Quadrille Club held another of their enjoyable dances Friday evening last.

There was a small turnout to the Liberal meeting held here last Friday evening.

Two cars of stock, one of mules and one of horses, were shipped to Mr. Madden last week.

Mrs. N. Shuler left for the Coast last night.

It would be a great improvement if the P. R. would build a sidewalk from the station to join up with the town sidewalk.

Mr. Willis paid a flying visit to Wetaskiwin Tuesday last. Mr. Frankish's bridge gang left here for the Mountain House on last Thursday's train.

Mr. W. H. Warren left for Calgary last week.

C. LeBlanc returned from Edmonton last Friday.

Mr. Trout's sale was a success in every way. The stock sold particularly well, milk cows going for as much as \$92 per head.

Travel was exceptionally heavy to and from the Mountain House last week.

There is an splendid opening here for a variety and drug store combined.

Mr. Madden has purchased a Caterpillar engine for hauling his grading machines. He thinks it will be a great boon for railroading.

## MANAGING MILKED

The well-known standard company, producing "Managing Milked," will appear in the public hall, Blackfalds, on Friday evening next, under the auspices of the Modern Vocal Men Club. This is one of the strongest companies on the road, and the play itself is one of the funniest ever produced.

At Lacombe the company drew a crowded house on two occasions, and received excellent notices. It is without doubt the strongest and best company of actors that have ever visited Blackfalds, and there should be a record attendance. Reserved seats ticked at 50c. Doors open at 8 o'clock. Men Club, 1st St. and 1st Ave. N. Store, and a phone message will have them reserved for you. Reserved seats \$1.00; general admission, 75c. Do not miss this treat.

Blackfalds, April 6.

## MEETING AT BLACKFALDS

There will be a public meeting in the interests of Mr. MacDonald in the public hall, Blackfalds, on Thursday (tomorrow) afternoon, to which every resident of the district is invited. The meeting will be called to order at three o'clock in the afternoon. Mr. G. B. Campbell, of Wetaskiwin, one of the most fluent platform speakers in Alberta, will address the meeting. He will answer questions before the election. Mr. Campbell is well versed in Alberta affairs, and his address will be most instructive. Mr. MacDonald will also address the meeting. Reserves seats 1c. Ladies.

## RIMBEY

Mrs. K. Wates left last Monday for a short visit with relatives and friends at Red Deer and Edmonton.

Mr. Olenback is contemplating leaving the farm, and would like to rent or sell immediately. He has 175 acres ready for also made to have it open a month before the Academy next fall.

Mr. and Mrs. Frank Symonds received word last Monday of the death of a little grandchild, daughter of Mr. and Mrs. McLaughlin, of Lacombe. They will have an immediate income. Price \$1,500, and you can buy it with a Thousand Dollars down. Apply to F. S. LEWIS, Union Bank Building, Lacombe.

Rev. Haddon preached on the child on Sunday morning which was very much enjoyed by all present. He will conduct services again in two weeks.

Mr. Isadore Uhl and Cap. Fisher have arrived with their two carloads of settlers effects, and are now hauling them out. The roads are pretty bad in Lacombe, they say they are much better here than when they landed in Iowa.

Mrs. Mowbray, daughter, Edith and son George, have taken on their residence at Rimby, on the property purchased of late Mr. W. E. Evenden.

Rev. F. John on, Conference Evangelist, expects to be at Rimby about the middle of the month, and will hold a two weeks' series of spiritual meetings. Further notice will be given later.

The Ladies' Aid has been re-organized with Mrs. Watt as president, Mrs. S. Rimby, vice president, Mrs. Brooks, secretary, and Mrs. Jas. Rimby, treasurer. They will meet the first Thursday in each month. The first meeting was held at the home of Mrs. Jas. Rimby last Thursday. The next will be held at the home of Mrs. Brooks.

be held at the home of Mrs. Brooks. An earnest invitation is extended to the ladies of the community to attend and become members.

Rev. Baker, of Ponoka, Independent candidate for representative for this constituency, addressed the voters at a meeting held in the hall last Wednesday evening.

Mr. Campbell, of Ponoka, Liberal candidate for representative of this constituency, was holding meetings through the country last week. He addressed a gathering at Rimby on Friday evening.

Mr. and Mrs. Williams, eldest daughter of Mr. and Mrs. Tom Williams, and Mr. Tom Mowbray, were very quietly married last Wednesday at the home of the bride's parents by Rev. Mitten, of Bentley. Only the immediate relatives of the contracting parties were present. After the ceremony a bounteous wedding supper was served and a loyal good social time enjoyed for a few hours by the assembled guests. The groom is a young man well to do, and who has lived in this community since coming from England about ten years ago. The bride is a charming young girl who has many friends among the young folk of the neighborhood and both are well known and well liked by young and old, who join in wishing them a long and happy married life. They have taken up housekeeping on the farm recently vacated by Mrs. Mowbray.

## This is Lacombe Soil, and better than Greenhouse dirt

**G. N. TAYLOR**  
Owner and Auct.

## Conservative Platform

The Western Globe presents herewith to the electors of Alberta the platform of the Conservative party of this Province. It was affirmed by the Conservative convention held in Calgary on March 7, 1912. Many of the principal planks were adopted by the Conservative convention held at Red Deer, February 12 and 13, 1909. The platform effectively repudiates the deliberate falsehoods to the effect that the Conservative party stands only on a platform of criticism. The Conservative party does stand in favor of justifiable criticism, but its platform also proves that it has been the constructive brains for the Liberal administration in this Province for many years.

**LAND TITLES OFFICE.** (3) This convention declares that the present Land Titles system, whereby the work is centralized in Edmonton and Calgary, is unfair to the residents of those sections of the two existing registration districts which are situated at any great distance from these respective cities, involving them as it does in great inconvenience, expense and delay in their land transactions. Wherefore this convention pledges the Conservative party to the establishment of such additional land titles offices as will as far as possible remove this injustice.

**NATURAL RESOURCES.** (4) This convention reaffirms the position which the Conservative party has always taken upon this question, and condemns the withholding of the natural resources from the Province at the time of the granting of autonomy, and approves of the attitude of the Right Hon. R. L. Borden with regard to granting the natural resources to the Province, and looks forward with pleasure to the time when the Province shall receive full autonomy in the administration of its natural resources.

**INTERNAL STORAGE ELEVATORS.** (5) The integrity of the railway companies to provide sufficient cars and motive power to remove the grain crop of each year within a few months is more apparent every year, and this evil will continue to grow, so long as the tonnage offered increases in percentage faster than the equipment can reasonably be furnished by the railway companies.

Resolved, that this convention strongly urge the immediate construction by the Alberta Provincial Government of large interior storage elevators, at convenient central points, at distances not exceeding 200 miles apart, such elevators to be owned and operated by the Provincial Government at cost. DEMONSTRATION FARMS. (6) Whereas the demonstration farms in the Province of Alberta in the nature of experimental farms and conflict with the work of the Dominion Government, and have been established and are now being operated at an unreasonable cost and practically defeat the purpose for which they have been established, and demonstrated to the settlers of this country that the cost of farming is beyond the means of the average settler.

Therefore, be it resolved, that this convention is in favor of the establishment of an agricultural college with a system of demonstration farming in connection therewith to be established and operated on a basis that will demonstrate to the settlers of the country that farming can be carried on with a small capital on a pay-as-you-go basis.

**HAIL INSURANCE.** (7) Adequate hail insurance should be provided by the Government, and no adequate scheme of co-operative hail insurance satisfactory to the rural population of this Province

has been adopted and put in operation.

**ROADS AND DRAINAGE.** (8) This convention, recognizing that farm production is the basis of prosperity, advocates the expenditure of larger sums of money upon roads and bridges to facilitate the marketing of farm products from the outlying settlements to the nearest market town, as well as upon a drainage scheme to facilitate road building and the drainage of farm areas.

**DIRECT LEGISLATION.** (9) This convention approves of the introduction of the initiative or the power on the part of a specified percentage of the electors to originate legislation, and the referendum or the referring to the popular vote of the initiative bills or of bills passed by the legislature when such reference is petitioned for by a specified percentage of duly qualified electors, to bring about the holding of a new election in respect of an elective office.

**CO-OPERATIVE MEAT PACKING.** (10) This convention approves of the establishment of co-operative meat packing institutions, especially when it has been decided that the land titles office is to be located in Red Deer. Lacombe has not the slightest chance of receiving anything from the present Government. Our representative has never had any weight with the Government, for the reason that he has never been a supporter of the Government, and has, as the Daily Bulletin says, been looked upon with suspicion so far as his loyalty to Premier Sifton is concerned.

It will be remembered by many prominent Liberals that a couple of years ago Mr. Puffer promised that Lacombe should have an Agricultural College. In fact, he stated at a Liberal meeting that the college was an assured fact, and went so far as to invite a deputation of Liberals to come to Edmonton and confer as to the size of the building and its location. He stated that everything but these details had been settled by the Minister of Agriculture. And the Liberals of Lacombe were elated.

A representative delegation of Lacombe Liberals to Mr. Puffer at his word and griding up their limbs set out for Edmonton. They were met by W. F. Puffer, who even then told them it was a cinch, and that he had everything ready for them, and that if they would come down to the Parliament Building they could get the Minister's word for it. They went.

To their chagrin they discovered when they met the Minister that the question of the location of the Agricultural College at Lacombe had never been brought to him, and he was surprised that Lacombe had been led to expect it. He said that Lacombe would be considered in the location of the Agricultural College or Agricultural Schools. Needless to say, the delegation came home in wrath.

We need not remind the voters that Lacombe has not received either the college or any of the schools of agriculture instituted by the Government, and will never receive recognition while W. F. Puffer represents Cross in the Sifton Government.

While Red Deer is receiving public building after public building, Lacombe, whose location is far more central for Central Alberta, is side-tracked on every possible occasion. There is only one answer. Mr. Puffer, by his infidelity to the Premier, has taken away every chance we ever had for recognition from the Government as at present constituted.

**WATER POWER INVESTIGATION.** (11) This convention pledges the Conservative party to advocacy and support of legislation which will enable Government to be granted toward the making of loans to settlers and workers at a low rate of interest, or legislation along the line enacted in the past in Australia and New Zealand.

**TELEPHONE COMMISSION.** (12) Resolved, that this convention recommends that the management of the Government telephone system be taken from political control and placed in the hands of a commission, and that farmers who have Government telephones in their homes be given free exchange with their market towns.

**EDUCATIONAL DEPARTMENT.** (13) Resolved, that in the opinion of this convention it is advisable that the fullest information should be acquired through the medium of a commission appointed for that purpose as to the water power available throughout the Province for the generation of electricity for municipal and industrial purposes.

(14) That in the light of the rapid general development of education and educational methods, particularly with reference to agricultural, commercial and industrial life, this convention is of the opinion that a comprehensive educational policy should be entered upon in Alberta. To this end a commission should be appointed with large powers to study conditions of education.

That a minister should be appointed whose sole duty is to attend to the educational department. That a thorough organization of the department, its policy and administration, be undertaken by the Government on a basis of the report of such a commission, having in view the best condition and consequences of the educational work of today.

### LABOR LEGISLATION.

(15) Resolved, that labor legislation should be enacted aiming at a higher standard of comfort and living of the workers, and altering or adding to the following acts as follows:

(a) The appointment of an independent commission with equal representation for mine operators and mine workers for the purpose of investigating fully the conditions relating to mines in this Province, and the enactment of legislation based on the advice of the commission.

(b) And this convention pledges itself to the thorough revision of the workmen's compensation act so as to secure adequate protection to both workmen and the employer.

### CIVIL SERVICE REFORMATION.

(56) Resolved, that this convention is of the opinion that a thorough and complete reformation of the laws relating to civil service should be made so that future appointments shall be made upon the report of examiners after competitive examination.

### ADDITIONAL PLEDGES.

In addition to the foregoing planks, the Conservative party in Alberta is pledged, if returned to power, to secure an immediate settlement of the Alberta and Great Waterways Railway question; to provide for an increased revenue from resources for development and the payment of the public debt; to provide a government that will be responsible to the people, and to give an efficient, economical, business administration.

## Bribe is Now Offered

We thought that this contest would get over without a promise of some great public work being undertaken in Lacombe, but, as usual, the promise has arrived. On Saturday last some interested party started the report that if W. F. Puffer is returned the Government will locate a land titles office in Lacombe. This is a childish promise, especially when it has been decided that the land titles office is to be located in Red Deer. Lacombe has not the slightest chance of receiving anything from the present Government.

Our representative has never had any weight with the Government, for the reason that he has never been a supporter of the Government, and has, as the Daily Bulletin says, been looked upon with suspicion so far as his loyalty to Premier Sifton is concerned. It will be remembered by many prominent Liberals that a couple of years ago Mr. Puffer promised that Lacombe should have an Agricultural College. In fact, he stated at a Liberal meeting that the college was an assured fact, and went so far as to invite a deputation of Liberals to come to Edmonton and confer as to the size of the building and its location. He stated that everything but these details had been settled by the Minister of Agriculture. And the Liberals of Lacombe were elated.

A representative delegation of Lacombe Liberals to Mr. Puffer at his word and griding up their limbs set out for Edmonton. They were met by W. F. Puffer, who even then told them it was a cinch, and that he had everything ready for them, and that if they would come down to the Parliament Building they could get the Minister's word for it. They went.

To their chagrin they discovered when they met the Minister that the question of the location of the Agricultural College at Lacombe had never been brought to him, and he was surprised that Lacombe had been led to expect it. He said that Lacombe would be considered in the location of the Agricultural College or Agricultural Schools. Needless to say, the delegation came home in wrath.

We need not remind the voters that Lacombe has not received either the college or any of the schools of agriculture instituted by the Government, and will never receive recognition while W. F. Puffer represents Cross in the Sifton Government.

While Red Deer is receiving public building after public building, Lacombe, whose location is far more central for Central Alberta, is side-tracked on every possible occasion.

There is only one answer. Mr. Puffer, by his infidelity to the Premier, has taken away every chance we ever had for recognition from the Government as at present constituted.

### Puffer is Defeated

From all parts of the riding, most iniquitous one. In these comes the news that W. F. Puffer's chance of election is growing shinner as the days go by. While many Liberals think highly of Mr. Puffer as a man of integrity, they are disgusted with his action in supporting Mr. Cross in his many attempts to embarrass Premier Sifton, in consequence of which the Province has been the loser to the extent of millions of dollars. Nine Liberals out of every ten have no confidence in W. F. Puffer, and look with the greatest suspicion on his attempts to force the V. & G. W. railway deal on the Province, despite the fact that our judges have declared the deal to be a

Puffer at his word and griding up their limbs set out for Edmonton. They were met by W. F. Puffer, who even then told them it was a cinch, and that he had everything ready for them, and that if they would come down to the Parliament Building they could get the Minister's word for it. They went.

**JUDICIAL SALE OF FARM LANDS.**

Pursuant to a judgment and final Order for Sale, there will be sold by Public Auction with the approval of a Judge of the Supreme Court of Alberta, by Clarence F. Dameron, Esq., Auctioneer, opposite the Post Office in the Town of Lacombe, Alberta, on Saturday, the 13th day of April, A.D. 1912, at 2:30 p.m., the following property, to-wit: All and singular the southwest quarter of Section number twenty (20), in Township number forty-one (41), and Range number two (2), West of the Fifth (5th) Meridian, in the said Province of Alberta, containing One Hundred and Sixty (160) acres, be the same more or less. Upon the said property there are erected a frame house 16x20, a log cabin 16x24, and a granary 12x14. About 140 acres of the land is cleared and 20 acres under cultivation. The remainder of the land is wooded with good poplar and spruce timber, well suited for fencing and firewood. The whole of the land is fenced and a cross fence. The land is within half a mile of Lacombe, Post Office, and there is a school less than one mile from the land.

This property is offered for sale subject to a reserved bid, which has been fixed by a Judge of the Supreme Court. Terms of payment are: Ten per cent. of the purchase price to be paid to the Vendors' Solicitors at the time of sale, and the balance thereof to be paid into Court to the credit of this action within sixty days of the said sale without interest. In all other particulars the terms and conditions of sale will be the standing conditions of sale of the Supreme Court of Alberta. Further particulars can be obtained from Edwin H. Jones, of the Town of Lacombe, Alberta, Vendors' Solicitor.

Dated this 17th Day of March, 1913. (Apl 2-3c)

### Pioneer Meat Market

**BEEF FOR OUR MARKET**  
comes from where the cattle have the best of pasture and are well cared for and tended. Like our Lamb, Mutton, Veal, Pork and Poultry, they are the production of skillful and experienced stock raisers, who know that good meats cannot be furnished by poorly raised stock. This is why our meats are invariably fresher, tender, and luscious. For those who like a generous table, Cole & Slater's market offers the finest essentials.

**COLE & SLATER**

## BAKERY the BEST Always

THE WOMAN WHO THINKS there is no saving or satisfaction in doing her own baking is perfectly right. A little careful thought would convince any housewife that it really doesn't pay especially when you can buy such delicious bread, rolls, cakes, pies, pastry, etc., at Beatty's which are fully equal to the best home made. Just try them.

## There are Many Redmen Scattered over The Province

Alberta has a full quota of count of its three-illustrated possibilities. The cavalry gave up and the Bloods went home, taking only five of the stolen horses because the remainder run down and weakened by the winter feeding, had been unable to keep up the pace. Happily the young Bloods resented beside camp fires and in wigwags and tepees the tales of their bravery and triumph, suddenly they gave up for return to the Crows the five hand when the mounted police insisted upon restitution, stocially they went to jail and waited until the Montana authorities decided not to prosecute, and stocially they insisted to a little carpet talk on etiquette which was made impressively to them by a mounted police superintendent before he turned them loose on the reserve again. Not the mounted police could not prosecute if the Montana authorities did not think it necessary, and the United States did not think the life of an Indian or two worthy of much notice in those days. Neither did the Bloods, though they did respect the mounted police and their chief promised profound efforts to reconstruct the characters of his young men along proper lines. So the young men had a nice little spring outing and lost nothing but five horses, which they stole, gaining meantime much glory, one scalp, one gun, and no wounds.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. J. Silks, 29 Dowling street, Syd. Australia. This remedy is for sale by Lacombe Drug Co., Ltd.

### A DOLLAR CAMPAIGN FUND

If every elector in Canada would contribute one dollar to the campaign fund of his party, a mighty blow would be struck at corruption and for independence of the money power in politics. At the last Dominion election each party polled more than 600,000 votes. The dollar contribution plan, making an ample allowance for those who could not or would not contribute, would raise a campaign fund of half a million dollars, which would go a long way toward legitimate expenses.

And why should not a man who believes that the principles of his party are sound, and that its cause is just, be willing to make that very small financial sacrifice? Why should he not support his party as he would support his church? It would enhance the value of his vote. It would give him a conception of government, not as a source of possible favors to himself, but the whole country. It would give him an interest in the affairs of the party, and a feeling that he had a right to a voice in its policy.

Men complain of the influence of corporations and of powerful moneyed interests in politics. If they allow the corporations and the wealthy men to supply the campaign funds, they must expect that these corporations and men of wealth will seek their reward in plutocratic legislation.

It is well to forbid contributions from large corporations. But there must be a constructive policy as well as a prohibition. If you try up a source from which contaminated water may flow you must open up a source of pure water.

### WHY HE WAS LATE.

"What made you late?"  
"I met Smithson."  
"Well, that is no reason why you should be an hour late getting home to supper."  
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."  
"Did you tell him to take Chamberlain's Tablets?"  
"Sure, that is what he needs."  
Sold by Lacombe Drug Co. Ltd. (1)

### IOWALTA

A night-cap social will be held in the Iowalta school house on April 18th. A good program will be rendered. Girls are expected to bring two nightcaps and lunch. Everyone invited. Mr. Joe Booth and family arrived from Iowa last week. Mr. Booth was here last fall and purchased the Duncan place and has returned now with a car and expects to start farming as soon as the frost will let him. Mr. Butcher has finished sawing lumber, and as soon as he

## PARALYSED AND COULD NOT WALK

"Fruit-a-lives" Completely Restored New Brunswick Merchant to Health.

BRISTOL, N. B., JULY 25th, 1911.  
"I am unable to say enough in favor of 'Fruit-a-lives' as it saved my life and restored me to health, when I had given up all hope and when the doctors had failed to do anything more for me. I had a stroke of paralysis in March, 1910, and this left me unable to walk or help myself, and the Constipation of the bowels was terrible. Nothing did me any good and I was wretched in every way. Finally, I took 'Fruit-a-lives' for the Constipation, and it not only cured me of that trouble but gradually this fruit medicine toned up the nerves and actually cured the paralysis. Under the use of 'Fruit-a-lives' I grew stronger and stronger until all the palsy and weakness left me. I am now well again and attend my store every day and all day."

ALVA PHILLIPS.  
"Fruit-a-lives" is the only remedy in the world that is made of fruit juices and tones.  
50c. a box, 6 for \$2.50—trial size, 25c. At dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

finishes planning, will move on further north to a setting of Mr. Rutledge's.

Miss Bowen, teacher of Progressive school, has her hands full. Agnes and Alice Key and Vina and Bernice Frizzell started to school on April 1st.

Mr. Key is building a new granary, also an addition to his house.

The Young People's Society held their last meeting on March 12th.

All reported a good time at the Lockinvar box social. The men are all beginning to wear a frown. House cleaning time!

Mr. R. Rowlands will be moving back to their farm from Lacombe as soon as Mrs. Rowlands is able to be moved. Don't forget the social on the 18th.

## HIS BLADDER WAS TERRIBLY INFLAMED

GIN PILLS Brought Relief  
Larder Lake, Ont., March 26th.  
"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night."  
I heard of your GIN PILLS and decided to give them a trial at once. I sent my chemist for a box and I am pleased to inform you that in less than six hours, I felt relief.  
In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."  
SID CASTLEMAN.  
GIN PILLS soothe the irritated bladder—heat the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail.  
50c. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto. 139

## Notes on Campaign

"I BELIEVE CHARLES CROSS TO BE THE CLEANEST AND MOST EFFICIENT MEMBER OF THE ALBERTA LEGISLATURE, AND I WILL NOT BE SATISFIED UNTIL I SEE HIM PREMIER OF ALBERTA."—W. F. Puffer.

As a means of keeping wrinkles away, a lady writer advises the practice of retiring to some quiet place for five minutes three times every day and thinking of absolutely nothing. This it not so easy as it looks, but it might be accomplished by trying to fix the mind on what W. F. Puffer has ever done for Lacombe.

W. F. Puffer by his action in attempting to force Premier Sifton to carry out the A. & G. W. Railway deal, is countenancing the exploitation of Alberta to the extent of millions of dollars for the benefit of the friends of Cross. All in favor of honest government should see that no follower of Cross in the Alberta Legislature is returned.

"I am convinced that the A. & G. W. Railway deal is as good a deal as has ever been put through by any government with any railway corporation, and I will do all in my power to have the terms of this deal carried out in their entirety."—Lead W. F. Puffer's speech on this iniquitous deal, in which he upholds Cross in his contention that the deal must go through.

If Cross can force the A. & G. W. Railway deal through, it means that the Province will lose millions of dollars, which will go into the pockets of a ring of adventurers. If Cross is returned and has a following in the House, he will force this deal through. The safety of the Province lies in defeating every member of the Cross faction in the House. W. F. Puffer poses as the leader and spokesman of the Cross faction, and only a few days ago threatened the Premier with defeat if this deal was not put through.

Three weeks ago W. F. Puffer, at the instigation of Cross, told

Premier Sifton plainly on the floor of the House that, unless he settled the A. & G. W. Railway deal in a manner satisfactory to Cross, he and the other Crossites would vote against his government on the first possible occasion. Now, ten days before election, in an attempt to save himself from the defeat he so well deserves, he is renouncing Cross and posing as a Siftonite. Take warning of the Edmonton Bulletin and see that he is defeated at the polls. In the three years just past he has never been loyal to Sifton. Can you believe that he will be in the future?

From a despatch in another column it will be seen that those at the head of the Liberal campaign concede that the Government is practically defeated. If the Liberals concede a sure seat, with nine doubtful ones, they are putting the best face possible on the contest, and from the feeling throughout the country there seems to be no doubt but that Cross has succeeded in having Sifton defeated. A wave of resentment at Cross tactics has swept over the Province, and the very best Liberals are out against the Government.

The Edmonton News-Plain dealer, in an editorial on Tuesday last, warned the electors against voting for a candidate of the Oliver-Sifton clique, as it styles the Sifton Government. It calls on all good Liberals to vote for Dr. Rutherford and other followers of Cross, and against the followers of Premier Sifton. And yet Mr. Puffer is going around telling the electors that everything is fixed up between Sifton and Cross. It looks like it. There is more truth than poetry in the rumor that it is the determination of the Crosses, if returned at this election, to have Cross in the Premier's chair before another year passes.

Here is what the Edmonton Bulletin of Saturday says about W. F. Puffer and the rest of the Crossites in the Government. The article refers to the threat made to Premier Sifton by W. F. Puffer three weeks ago

that if he did not carry out the A. & G. W. Railway deal in a way satisfactory to Cross, he and the rest of the Crossites could be counted against the Government.

"The Sifton Government is the only factor in sight on the political stage which stands between the pockets of the public and the designers of the A. & G. W. deal. If its pockets were rifled it would make no difference to the public whether the rifling were done by consent of Conservative members alone or by consent of Conservative members and a group of anti-Sifton Liberal members."

From the Edmonton Bulletin of Saturday, April 5.

### Do Not be Misled

"I believe Charles Cross to be the cleanest and most efficient member of the Alberta Legislature, and I will not be satisfied until I see him Premier of Alberta."

The above remark of W. F. Puffer, who is now running in this riding, presumably as a supporter of the Sifton Government, should put the intelligent electors on their guard. This remark was made by Mr. Puffer only a very short time ago, and although he now says that he will support the Sifton Government, he has changed his views for the same reason that a drowning man will grasp at a straw in an attempt to save himself. That Mr. Sifton has no faith in W. F. Puffer is readily seen from the recent editorial in The Edmonton Bulletin, the leading supporter of the Sifton Government in Alberta, and a paper that is close to Premier Sifton. On Thursday last The Bulletin devoted a column editorial to the danger of the electors voting for Mr. Puffer and the other Crossites who are posing as Liberals.

About three weeks ago, in the legislative Assembly, before a vote of want of confidence in Sifton was put to the House, W. F. Puffer arose and read a threatening document. The document represented the views of W. F. Puffer and seven other

Crossites, besides Rutherford and Cornwall. This document stated that while at the present time Mr. Puffer and the Crossites had no faith in Sifton's administration, they would on this occasion vote against the motion, but that unless Mr. Sifton would settle the A. & G. W. Railway deal in a manner satisfactory to them they could be counted against him in the future. This was only three weeks ago. Now W. F. Puffer is posing as a Siftonite. Why?

Premier Sifton cannot settle the A. & G. W. Railway deal satisfactorily to Mr. Puffer and the Cross faction unless he lets the deal go through in its entirety. The Cross faction are men who made this deal and have upheld it ever since. Why? The Crossites' friends stand to make millions of dollars if this iniquitous deal is put through. They have gobbled up every available townsite along the proposed line. All their money is tied up in this deal, and if they cannot force Mr. Sifton to allow the deal to be carried out they are in a financial dilemma. You cannot blame Cross and his followers for attempting to save themselves from financial ruin, but it is up to the intelligent electorate to see that they do not do so at the expense of the Province.

### Bulletin's Warning

In alluding to the attempt of the Cross faction to force Premier Sifton to carry out the A. & G. W. Railway deal, the Edmonton Daily Bulletin, the staunchest Liberal paper in the Province, has the following to say on Tuesday last:

"If the Sifton Government had spent a million dollars vainly trying to secure possession of money for which the Province is liable, they could go on and spend another million to secure possession and the Province would then be a couple of millions better off than if the A. & G. W. bargain were revised and the money spent in accord with it."—Bulletin.

Electors will do well to remember that less than a month ago, on the floor of the House, W. F. Puffer, speaking for Cross and the rest of the anti-Sifton Liberals, threatened that if the A. & G. W. Railway matter was not settled in a manner satisfactory to him and his friends, he would vote against the Government. Mr. Puffer insists that the deal is a good one and must be carried out.

### Schools of Agriculture

When the question of the Agricultural Schools came up in the Provincial Legislature, where do we find the Conservative members of the House? While the Liberals all were unanimously of the opinion that these schools should be located in the ridings represented by the Liberal Ministers, the Opposition fought to have them located at the natural points—Lacombe and Lethbridge, where they could be conducted in conjunction with the experimental farms.

In all the discussions the voice of W. F. Puffer was never raised for Lacombe, and the schools were decided where the Government deemed they would do the most good for the Liberal party, irrespective of all other considerations.

### Alarm Clocks At All Prices

If you want a cheap clock

Musical **3.50**  
These are all the best to be had at the price.

**John Bulger**  
Jeweler.  
Phone 55. Lacombe.

In all the discussions the voice of W. F. Puffer was never raised for Lacombe, and the schools were decided where the Government deemed they would do the most good for the Liberal party, irrespective of all other considerations.

### Sure of Defeat

In Calgary on Saturday Premier Sifton is credited with the admission that the Conservatives will carry seventeen seats in the Province. This admission on the part of the Premier shows the feeling throughout the country. When he concedes seventeen seats the electorate may feel assured that there will be more, and it will not be surprising if the present Government goes down to defeat. The greatest factor in the defeat of the Government is Attorney-General Cross, and to his door can be laid the death of Liberalism in Alberta.

### ENTHUSIASTIC MEETING.

An enthusiastic meeting in the interests of A. M. MacDonald was held in Milton school house on Friday evening last. Mr. A. A. Henry was voted to the chair, and after a few remarks, called on Mr. S. Nicholson. Mr. Nicholson delivered an excellent address on the leading points in Alberta politics, and took up at length the railway policy of the Liberal Government. He was greeted with applause at frequent intervals, and his address had a marked effect on the audience.

Mr. Jas. Endie, the next speaker, was given a splendid ovation on rising to speak. He took up the railway question, and produced a lot of valuable information on the way the present Government is exploiting the Province. The attendance was much larger than was expected, and quite a number of ladies were among the audience.

Milton district will give a heavy vote in favor of good government.  
**BENNETT HERE ON 15TH**  
R. B. Bennett will address a meeting in the interests of A. M. MacDonald in the Comet Theatre on Tuesday evening.

15th inst. Mr. Bennett is one of the ablest speakers in Canada, and is thoroughly conversant with Alberta's affairs, having represented Calgary in the local Legislature for some years. Everyone is invited to attend, and special provision has been made for the accommodation of the ladies. The meeting will be called to order at 8 o'clock sharp.

### GOOD CONSERVATIVE MEETING AT ARBORDALE

The meeting held by A. M. MacDonald at Arbordale on April 3rd was a decided success. Mr. MacDonald and Mr. Hillock, the Conservative candidate in North Calgary, gave rousing speeches, which were received with applause. The audience manifested a strong determination to do their part toward correcting the deplorable state of affairs in the Government of the Province, and there is no doubt as to how the votes of this district will be cast on the 17th.

### Concedes 17 Seats

Edmonton, April 9.—From Liberal headquarters here it is learned that from reports received from all parts of the Province, Premier Sifton is willing to concede the Opposition seventeen seats at the present time, with nine seats in doubt. If the nine doubtful seats go against the Government, the Liberals will not have a working majority.

### BOOT AND SHOE REPAIRING.

R. McQuillan, Boot and Shoe Maker, is prepared to do all work in his line at reasonable prices. Work guaranteed. Shop at residence, next door west of Jas. Finlayson, back of Skating Rink. (A9-4p)
